Personal Statement Guidelines

The personal statement is an important document that helps us to get acquainted with you as a person. We advise you to take time to reflect on your values, motivations and personal goals before you start writing. Don't feel pressured to search for remarkable and distinctive experiences to display. More so than the experiences themselves, we are interested in how they influenced you and the insights that you gained from them. The essay should be written by you, and not "coached" so that we can hear your own thoughts and words. Please carefully note the instructions below as you prepare to begin writing.

- * Please write two essays, of slightly differing lengths, as indicated below.
- * The essay should be written in your own handwriting using blue or black pen or a word processor using the form provided on the website or the printed photocopies of the form. We recommend a computer-generated copy, as handwriting can be difficult to read.
- * Upon completion, please attach your personal statement to the application and bind them together on the top left corner.

We are delighted with the prospect of reading your personal statement and coming to know who you are. We would also like to assure you that your writing will not be made public as it will only be used for screening/instruction purposes. You have our sincere wishes and encouragement as you begin your reflections.
